Connect for Life

Comprehensive  
**HEALTHCARE**  
solutions

- No waiting time
- Cashless
- Paperless

# ISOFCARE IS A DIGITAL MEDICAL PLATFORM

SMART

SWIFT

SAVE

## SMART

- Application of data security standard technology: **FHIR standard medical data, health records for the whole family.**
- Machine learning technology system, providing smart reports on trends and personalization for users.
- Managing a variety of subjects: managing vaccinations & vaccine records, supporting patients in isolation areas, managing appointment bookings for medical examination and treatment at medical facilities...
- Simple and easy connection of HIS, LIS, PACS.
- Ready to connect to national data portals (Immunization Portal, Health Insurance Portal, Health Records Portal...)

## SWIFT

Friendly, easy to access, does not require IT expertise, does not consume healthcare providers' effort.

## SAVE

Booking medical services through the ISOFCARE platform helps users save time, increasing convenience, being on time for appointments and no queues.

# COMPREHENSIVE HEALTHCARE SOLUTIONS

Connecting  
**ANYTIME - ANYWHERE**

App, Website, Hotline, Facebook

An illustration of a family consisting of a man, a woman, and a child, all smiling. Above them are three medical icons: a heart, a liver, and a plus sign. The background is blue with a large white cross shape at the top and bottom right corners.

Comprehensive support  
**FOR PATIENTS**

Online health consultation, medical examination booking, Q&A healthcare, health records and many other health features.

Enhancing the medical examination and  
**TREATMENT EXPERIENCE**

Easy booking, quick reception, close connection.
